COMMITTEE MEETING.

There will be a meeting of the Republican Committee Central of Lyon county, at Emporia, on Saturday, September 24th, 1870, at 1 o'clock p. m. Every member is urged to be present, as matters of interest to the party are to be decided upon. The committee is composed of the following named gentlemen: Mark Patty, G. R. Soule, J. D. Jaquith, A. Mc-Kee, R. H. Abraham, H. D. Curtis, and Jacob Stotler. Such Republicans as desire to do so are invited to attend.

This is the last call of the season, and it is hoped no member of the committee will neglect to be present. JACOB STOTLER,

NEW Town.-Florence, situate in the south eastern part of Marion county, at the mouth of Doyle Creek, on the line of the A. T. & S. F. railroad. The corporators consist of Crawford, Steele & Co., Aleck Johnson, John Martin, (names that insure its success) and other whose names we did not learn. NEW STORE .- Charles D. Metzler has open

O. P. Bowman & Co., the well known stove and tinware merchants, are daily increasing their stock, and are able now to suit every taste. They have all kinds of stoves, and make everything that any one can think of in the tinware line. They are good fellows, and have a big trade.

READING .- This is the name of a new town ald out in this county, on the Atchison, Topeka & Santa Fe railroad, about fitteen miles northeast of here. There has been no blow bout it, but we observed, in passing it last week, that some fifteen or twenty new houses had sprung up in a surprisingly short time. Knowing the proprietors that are backing this nterprise, we predict it will soon make a point of considerable importance.

He left immediately, accompanied by his amiable lady, for the mountains of Colorado and of California. We earnestly wish that he may be restored to health and vigor by the healthful airs of the Golden State, and return to make his home in Emporia.

We are happy to announce that the sanctum sanctorum of THE NEWS office is again irraadiated by the pleasant visage of the junior editor. His return was joyfully hailed by all hands. INSANE .- A young man named Winfield S. Silvers came to this city a few weeks ago, and although destitute of money, he obtained board at the Buckeye House. He soon obtained a job at building a cistern, and contracted for others. He worked industriously and manifested a commendable ambition to obtain larger contracts for building, spent much time in calculating the cost of certain buildings, and seemhis future. About a week ago he manifested considerable unrest, and for three nights did not sleep. He then obtained some whisky and became intoxicated. The next morning he was extremely crazy, and it became necessary to confine him. Physicians were called, and he was pronounced insane. In the city prison he tore his clothes from his person, but has not

safe keeping. The cause of his insanity is believed to be difficulty in his family relations, combined with his financial troubles and his failure to secure the contracts he had expected to obtain His father, it is said, lives at Bluffton, Wells county, Indiana, and letters from his brother in Shreveport, Louisiana, and from a sister at Cliften, Kansas, are in the hands of Messrs. Birdsall & Frantz, of the Buckeye House, who nave done all in their power for his benefit.

MAGNIFICENT .- It was our pleasure to spend a few minutes in the handsome millinery establishment of Mrs. Newman the other day, examining the wonderful works of art in that line. The perfection to which the manufacture of artificial flowers has been brought is one of the wonders of the age. The delicate tints, brilliancy and harmonious blending of colors, the imitation of nature in all the minutiae that attaches to the natural growth and even accident in the lives of the tender ornaments of the natural world, are so skillfully have it in shape to accommodate travelers in and tastefully portrayed as to surpass in beauty and form even the flowers they were made to represent. A Tribute to the Memory of Mr. West. At a meeting of the teachers and students of the State Normal School, on Monday evening,

September 19, 1870, the following resolution were unanimously adopted: WHEREAS, It hath pleased the Great Teacher to remove from us by death, our beloved friend and fellow student, Henry W. West;

The district schools opened on Monday with a very full attendance. The rooms are all crowded to their utmost capacity. The new building which is greatly needed, it is thought will be finished about the first of next month. The recommendation of Governor Harvey in the matter of populating the State is faithfully observed, and with the most gratifying results, in this locality.

How Are You Gas?—A little over a year ago we told the people over south of town, in a little talk we made in favor of railroad bonds, that it would not be two years until we should be furnishing them a daily paper with the news from all parts of the world every morning, before breakfast.
